

Double Health

Data Sheet

NATURAL alga nutritional food additive for Horses.

Description

Double Health is extracted from pure natural seaweed. It greatly preserves the natural active ingredients of seaweed and contains natural chelated mineral, vitamins, natural active polysaccharide, hormone and UGF etc. Incomparable to land plants, it can be absorbed quickly by animals, to increase animals health and immune system.

| | Iron | 1200ppm |
| | Magnesium | 6220ppm |
| | Manganese | 10ppm |
| | Phosphorus | 0.11% |
| | Potassium | 14.9% |
| | Selenium | 0.30ppm |
| | Sodium | 4.84% |
| | Sulphur | 1500ppm |
| Zinc | 144ppm | |

| Type | Item | Index |
|----------|------------------|------------|
| Vitamins | Biotin | 2-4ppm |
| | Carotene | 15-20ppm |
| | Folic Acid | 160-230ppm |
| | Folinic Acid | 10~30ppm |
| | Niacin | 10~30ppm |
| | Pantothenic Acid | 15-25ppm |
| | Riboflavin | 10~20ppm |
| | Thiamin | 9ppm |
| | Tocopherois | 100-150ppm |
| | Vitamin C | 30ppm |
| | Vitamin B12 | 0.20ppm |
| | Vitamin K | 5~10ppm |

Benefits & Advantages

- Improves growth rate in young stock by boosting cobalt and selenium levels.
- Prolongs lactation period and balance nutrition.
- Reduces afterbirth retention with copper and selenium.
- Reduces diarrhoea, improves immunity and strengthens the resistance to irritability.
- Prevents goitre
- Reduces worm infestations by ensuring appropriate level of iodine, copper, selenium and zinc.

Double Health Application

Daily Allowance Guideline

We recommend a daily allowance of between 3 grams – 10 grams per animal, or an average of 4grams per animal per day. (Maximum allowance of 10grams per day)

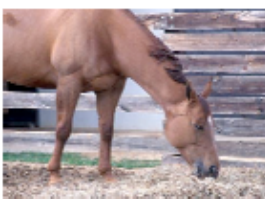

Application Method

Double Health soluble powder can be added directly to your animals drinking water or sprayed onto hay or feed pellets.

Drinking Water

Add 1 teaspoon (1 gram) to 10 litres of water

Hay and Feed Pellets

Dilute 1 gram in 100ml of water for every kg of feed. Spray on with sprayer bottle or watering can

During light illness & sickness

Dosage can be doubled while deficiency of vitamins and minerals are present

Benefits & Advantages

- Improves hair and hoof quality and strength
- Reduces diarrhoea, improves immunity and strengthens the resistance to irritability.
- Prevents goitre
- Reduces worm infestations by ensuring appropriate level of iodine, copper, selenium and zinc.
